Target carries the Luscious Locks Hair Mask, Sweet Ambrosia Leave-In Conditioner, Hair Blossom Moisture Mist, Butter Love, Super Duper Hydrating Hair Cream and Hold It Hair Gel w/ Argan Oil. We've tried these, as well as the rest of the line, and we love them! Find Karen's Body Beautiful at Target stores and [KarensBodyBeautiful.com](http://KarensBodyBeautiful.com)!

It's a great product for restoring damaged hair, and it works on all hair types. The affordable product leaves a silky finish and adds body! **The beautiful songbird Shingai Shoniwa, often spotted in stunning natural updos, took things down and curly for this formal occasion! We love the fullness and natural-looking shine!**

Sofn'free Nothing But Mold & Hold is the go-to for maintaining twists, locks and knots! The best part is that it doesn't leave behind a flaky residue, and it is infused with natural moisturizers. Our editors found it to be a great edge tamer. Dab just a little on your edges and smooth them down with a brush for a clean, neat look. Smoobee, the magic no-cry brush, is the perfect solution for brushing your little darling's hair, without hurting, snagging or catching. It works well on straight, wavy and curly hair and comes with a pack of fun stickers so that your mini-me can decorate her own Smoobee! [Smoobee.com](http://Smoobee.com)
